

Compiled Appreciation Messages – Fly4 & Quikjet Engagement

1. Simon Prower

Head of Operations / NP – Ground Ops, Fly4 Airlines

Hi QuikJet team,

I just wanted to personally say a huge thank you to you all for the contribution you have made to Fly4's engagement in India.

It has clearly been a challenging engagement, contracted at relatively short notice ahead of the winter season, and we have obviously had a number of challenges throughout the season—some of our own making (crew numbers). As Jochen has written separately, this is the first time Fly4 has moved its entire operation (at short notice) to a completely different part of the world, and we can be proud of the successes.

Above all, we could not have delivered the OCC and Ground Ops oversight without your work and commitment in what we know was sometimes a challenging and chaotic environment. Thank you for your support, flexibility and passion throughout our SpiceJet engagement.

As you're aware, we are now moving back into our UK summer operation in Europe with all four aircraft operating for TUI. However, I'm sure we will be back into your part of the world again at some point in the future.

I know many of you were on temporary contracts with QuikJet, and wherever your future lies—whether in aviation or elsewhere—I would like to wish you every success.

2. Heidi Field

Head of Safety, Security & Compliance, Fly4 Airlines

Good evening to you all,

Echoing Simon's words, this truly wouldn't have been possible without the support of each of you—thank you.

On a personal note, working with Sagir, Mohit and Gabriel gave me real confidence during some of the more challenging moments. It feels like a long time since we first met and set things up in Delhi, especially considering the hurdles we faced early on. With your support and collaboration, we were able to work through those issues quickly.

A special thank you to Colleen as well for her dedication and discipline in following up on key actions and helping to keep everything moving forward collaboratively.

I sincerely hope our paths cross again in the future.

3. Colleen Kenrick

Ground Operations Coordinator, Fly4 Airlines

Good morning all,

I just wanted to send a short message to thank you all for your support over the last months, in particular Mohit, Sagir and Gabriel. Your work within Gops was invaluable, never went unnoticed, and it was a pleasure working with you all.

Until our paths cross again, I wish you all the very best.

4. Ian Smith

Fly4 Airlines

Hi Preetham,

I've taken this off the wider distribution list now. I wanted to make a special mention to both Arun and Kaushik. Arun's support for the majority of the season was excellent. I have to say that I was nervous when he left QuikJet, but Kaushik stepped up quickly and delivered an incredible level of service for the last few weeks too.

They are both a credit to QuikJet, and their support to Fly4 was incredibly valuable. We couldn't have done it without them!

Thanks, and best regards.

5. Jenny Maguire

Aviation Security Manager, Fly4 Airlines

Dear Lt Cdr Reuben Jones,

I wanted to take a moment to personally reach out and express my sincere gratitude for the outstanding support you and your team provided to the FLY4 Security department throughout the SpiceJet operation. From start to finish, your professionalism, commitment, and reliability were evident in everything you did, and it made a real difference.

Operations of this nature are rarely straightforward, and I am fully aware that your team faced their fair share of challenges along the way. Through it all, they remained focused, composed, and thoroughly dedicated. That speaks volumes about the calibre of people you have around you.

I would like to extend a very special and personal thank you to the following individuals, who worked tirelessly and with the highest standard:

- Mr. Jijesh KD
- Mr. Mohd Talha
- Mr. Rohit Chhikara
- Mr. Imamul Rashid

Please do pass on my warmest appreciation to each of them. I simply could not have achieved what we did without the dedication and expertise of you and your team.

I very much hope we have the opportunity to work together again in the future.

With warmest regards and heartfelt thanks,
